Virtual Learning Contract

You have chosen to have your student participate in school through the virtual option during the first semester of the 2020-2021 School Year. Below are the expectations for learning with this option:

- Students in grades K-8 will receive at minimum two hours of direct instruction with a teacher through the ACCEL Management Platform (AMP) each day they are working virtually. In addition to those two hours of direct instruction virtually with the teacher, there will be a minimum of 3.5 hours of additional independent work.
 - These times are scheduled in advance. It is expected that students attend these sessions so they can work directly with the teacher and their peers.
- All students will be required to log in and engage with their teachers and complete all work to be counted for attendance purposes each day.
- Students will receive grades for each class they are enrolled in.
- Parents will be responsible for ensuring that the school-owned Chromebook is well-cared for. In addition, parents will keep the school informed of any technology issues that may impede the student's ability to complete their learning assignments.
- Parents and students will engage in open communication with their teachers and participate in learning activities.
- Breakfast and lunch services will be provided for grab & go meals for the week on Thursdays. We will inform you once we set this up with our food service provider. Students will be given a lunch break daily.

Please direct any questions to the Office Staff at (216)383-1214

I agree with the Virtual Learning Contract and understand my responsibility in participating in school with this first semester option.
